All Your Training Needs

## KLIMB® DOG TRAINING SYSTEM

Need a platform to help your dog learn faster? See what this brings to the table.

**The professional training platform that gives your dog a place to focus.**

Looks like a table...works like a charm. The KLIMB is the first professionally designed dog training platform that gives your dog "their place" to facilitate faster learning and better results. Tested and proven by experts, this system uses an elevated deck to give dogs a platform to exercise, focus and learn the skills to curb unwanted behaviors.

## PLAYGROUND EQUIPMENT

### CONNECT

Stack or connect individual KLIMB® units for custom-sized platforms

### PORTABLE

Weights only 14lbs for portable on-the-go training.

How to Build KLIMB Structures

## ACCESSORIES

### KLIMB® TRACTION MAT

Looking for even more grip?  
We've got a mat for that, get a grip on this.

**The rubber dog training mat that ensures more traction.**  
While the KLIMB has built-in PawGrip™, some training activities and routines require even more traction. That's why our experts developed a perfect-fit rubber dog training mat that can be placed on top of your KLIMB platform to ensure a slip-free surface.

**KLIMB® Strap**  
For extra secure &  
short leg storage

**Short Legs:**  
For an overall  
height of 6 in.

### KLIMB® SURE FEET

**Want to provide grip on any surface?**  
**Get the attachment that keeps things planted.**

Our previously known Non-Skid feet and Safety Plugs are now combined into one product: KLIMB Sure Feet. Now made of durable rubber material, your sure to get a grip! Sold in packs of four.

These Sure Feet can be used to plug holes in the four corners of your platform when legs are not installed. Our KLIMB Sure Feet provide a slip free base when using the KLIMB without legs installed on harder surfaces and cover the top holes to prevent puppy feet from falling in.

and Uses**

## VIDEOS

### KLIMB® DOG TRAINING VIDEO

**Want to stop the barking, begging and jumping?**  
**We've got a video that will coach you through the steps!**  
Follow along with Jamie, a professional dog trainer, and learn how to give your dog a "place" they will quickly learn is just for them. Incorporating The KLIMB into your everyday use will allow your dog to focus on you and ignore distractions.

### CANINE CONDITIONING VIDEO

**Want to engage your dog's mind and body?**  
**We've got a training plan for that!**  
Our Canine Conditioning Video gives you the inspiration to teach foundation skills, improve body awareness and build the bond with your dog. This 7 minute video shows you more than 30 different exercises to try with your pup utilizing the award winning KLIMB table.

## PROPEL™ AIR PLATFORM

Want to help your dog build balance, agility and strength? We've got just the thing to help launch your training.

### Fully Inflatable and Connectable Training Platform for Dogs

Take your dog's training to new heights with the first connective inflatable training platform made in the USA. Inflate your platform to the desired level or incorporate additional platforms (or KLIMB Dog Training System) to give your dog a new challenge. Achieve proper form and open up a whole new world of training exercises for your dog.

### SAFE

FDA Compliant (food-grade), enhanced antimicrobial performance and free of latex, lead, BPA and phthalate.

### STURDY

UV-resistant for outdoor use, scratch and stain resistant, and maintains traction when wet.

### SUSTAINABLE

Fully recyclable and manufactured with as little environmental impact as possible.

**CONNECTION POINT** for joining two Propel Platforms together.

**TWO UNIQUE SURFACES**

a raised bubble side to stimulate neuroreceptors and aid in proprioception as well as a lower profile lined side for sensitive paws.

**USER FRIENDLY PRO-GRIDLINES**

designed to help with proper form and paw placement no matter the size or ability of your dog!

## BALANCE HARNESS®

Want a dog harness that stops the pulling and actually fits? We pulled it off.

Six-point adjustment for the ultimate comfort, freedom and control. The only thing worse than walking a dog that's always pulling? Pulling on a new harness and realizing it's never going to fit. And most don't. That's why we created the Balance Harness—the six-point adjustable solution that ensures your dog has the proper fit for comfort, safety and range of movement. Looking for a no-pull harness that doesn't cause chaffing, choking, or restriction - you've found the one.

See website for color options

**RATED #1** by  **WholeDogJournal**

What Makes the Balance Harness Unique

## FITS EVERY DOG

The **Balance Harness** has six adjustment points to ensure the best fit for EVERY dog. It provides freedom of movement to allow for a more enjoyable walk.

## OTHER HARNESSES

Girth strap rubs and causes chafing.

Too high causes choking.

Front strap blocks shoulder extension and abduction leading to changes in gait and injuries.

## BLUE-9'S BALANCE HARNESS®

"Y" shaped front allows free range of motion in forelimb.

Front and Rear leash attachment points used to manage pulling.

**CHEST STRAP**  
Top strap and chest strap are adjustable to prevent chafing.

Fitting Tips

## LEAD MULTI-USE DOG LEASH

Looking for a double attachment leash that does it all? Let us walk you through it.

**Shorten it, lengthen it, loop it or double clip with a harness.** It's made of nylon like many leashes, but the similarities end there. This multi-fuction dog leash is the jackknife of leashes with six-in-one functionality. With two clips and multiple attachment points, it can be used as a 3.5 foot leash, regular six-foot lead or double clipped attachment for our Balance Harness. You can even loop it over your shoulder as a secure hands-free leash.

Multi-Function Leash  
Configurations

LEASHES AVAILABLE IN  
TWO WEBBING SIZES

## LEAD DOG TRAINING LEASH

Need the perfect transition tool that keeps them close? Take a closer look.

**A convenient mini dog leash that balances freedom and control.**

Ready to give them a longer leash when it comes to exploring their world? Think short. This 9-inch quick-grab tab training leash is a versatile tool that can be used to transition dogs to off-leash heeling and advanced obedience.

## SECURE PRO DOG COLLAR

**A premium chromed out dog collar that's perfect for everyday use.**

A sleek and stylish design that's not just made for the runway. Our premium metal buckle dog collar features easy to clean materials and a D-ring attachment with adjustable sliders for perfect fit.

## SECURE LIGHTWEIGHT DOG COLLAR

**Low weight meets high performance with this no-nonsense dog collar.**

Looking for high-level performance in a low-weight collar? Our dog pros delivered with the lightweight dog collar that offers a durable design and is made of the same premium soft-touch nylon as the Balance Harness.

## INSPIRE DOG TRAINING TREATS

Want to give them a healthy reward without the mess? Boy...do we have a treat for you.

### Healthy and delicious training treats – made to motivate.

Carrying around crumbling dog snacks, bulky cookies and greasy morsels is no treat for dog owners looking to reward their pup. That's why our dog experts created Inspire Dog Training Treats—motivation without the mess. Training is all about consistency and so is this new offering. Our uniquely formulated treats deliver all of the taste, smell and inspiration in a soft treat that doesn't turn into glop or dust when you're on the go. Made in the USA from the world's finest ingredients, these small treats fit perfectly in the Inspire Treat Pouch.

## INSPIRE DOG TRAINING TREAT POUCH

Where do you find the ultimate in convenience and comfort? Anywhere you're wearing this.

### Durability and convenience with a unique snap-back closure.

Not excited about stuffing your pockets with smelly treats or strapping on an overbuilt dog treat fanny pack? We weren't either. That's why our experts developed a slim and simple solution that makes it a snap to bring your dog training treats and personal essentials on your next walk, run or trip to the dog park. Designed by dog training professionals for maximum comfort, accessibility and durability, this lightweight dog treat pouch makes it simple to reward your pup with a proprietary snap-back access system that keeps things secure without zippers or hinges. Simply reach in and it closes automatically.

## ABOUT US

Blue-9 is an Iowa-based company with a proven record of delivering award-winning dog training products that help canines and owners succeed. We make life easier by delivering solutions-based tools that simplify training and strengthen the bond between people and the dogs. And we proudly make them here in the USA.

## DESIGNED BY DOG PEOPLE

**An (almost) obsessive attention to the details that matter.** Anyone can make a harness or training table. Blue-9 products work because our company is built around the experience and standards of people who have spent years training and caring for dogs. We know what works because we live it every day. We over-build, over-test and over-think every little detail — because they make a big difference in defining success for you and your dog.

## TRUSTED BY PROFESSIONALS

**You don't need to be one to use our products. But there's a reason they do.** Born out of a request by the K9 working dog community for a professional-grade training platform, Blue-9 has grown to become the trusted partner of professional trainers, veterinarians and competition pros. Our products and methods are setting new standards for stronger animal-human bond relationships.

## PROVEN TO CHANGE LIVES

**Whether you're trying to train for competition or just looking to tackle a problem behavior, we've got you covered.** Blue-9 gets it done with solutions and training tools that are proven to help you and your pup succeed. We define success through the many different goals of our customers.
